7. Unleashing Android 2023
8. STARTUP – Start now 2023: Insights on Startup Setup process
9. ENIGMA 2.0 2024: Poster Presentation Competition

EDUCATION

B.E.-	<i>B.E in Computer Engineering, Nerul, SIES Graduate School of Technology.</i>	
12th-	<i>XII, SION, SIES College of Arts, Science and Commerce.</i>	<i>86.0</i>
10th-	<i>X, KURLA, KOHINOOR INTERNATIONAL SCHOOL.</i>	<i>Grade A</i>

ACHIEVEMENTS & CERTIFICATES

- Runner up in Intra School Chess Championship 2013.
- Diploma in C++ Programming with grade A+.
- Diploma in C Programming with grade A+
- Value-added Course in Web Security in Cyber Security.
- Value-added Course in Ethical Hacking and Digital Forensics.

PROJECTS

- **Barrier system for Security Surveillance.**
In this system, it provides security against unregistered vehicles or the vehicles that are deemed suspicious by the administration, using an IOT device that is installed in the gate of the respective area.
- **Garbage Management System.**
IOT Garbage management system provides the statistical view of the garbage collected in the Garbage bin using an IOT device that is installed at the lead of the garbage bin that is connected to a database for giving the user the statistical view of the garbage collected by the bin and sends Alert messages to the user on the set percentage of Garbage filled in the bin.
- **Data Redundancy Removal**
This system removes the duplicated file that is present in the organization with Secure auditing and Ownership using file Checksum and providing better security.
- **Keylogger (Windows OS)**
Keylogger discreetly records keystrokes, providing an unauthorized means of capturing user input. Designed for potentially malicious purposes, it poses security and privacy concerns.
- **Event Horizon**
A streamlined Event Organizing Website that automates tasks, optimizes resources and empowers organizers with a user-friendly interface. From weddings to corporate seminars, it efficiently manages events, offers budget details to users, and facilitates communication for seamless planning.
